

THE ULTIMATE BRAZILIAN CARE COLLECTION
A blend of three forces - Science, Nature and Beauty!

At LYCON, we have a long tradition of many 'World Firsts', and an unsurpassed reputation for quality products which achieve outstanding results. This is now carried through to yet another LYCON 'World First', the new PINKINI collection. At LYCON, we never skimp on quality, as we take much pride in being the best. Quite simply, we love exceeding client expectations; it is in our LYCON DNA!

PINKINI Brazilian Care is a luxury collection and a necessity, as Brazilian and Bikini waxing are the most requested in-salon services, which salons are often judged by. Successful salons know that providing the most professional, comfortable and effective Brazilian and Bikini waxing experience promotes client loyalty, repeat appointments and word-of-mouth recommendations.

This up to the minute collection is a game changer for you and your clients, as it is the absolute best for the easiest and most comfortable intimate waxing. The PINKINI Brazilian Hybrid Hot Wax is a finely tuned blend between LYCON's legendary traditional hot wax and LYCOtec modern film wax formulas. When teamed with the nurturing PINKINI Pre and Post waxing lotions, provide virtually painless professional waxing. PINKINI Brazilian Hybrid Hot Wax removes hairs as short as 1mm and is perfect for the most sensitive skins.

Clients who have a tendency towards pigmentation...no fear, we have it covered with the effective and easy to use PINKINI Lightening Serum and PINKINI Intimate Wash for home use.

With a fresh and calming scent, the PINKINI collection has been carefully formulated with an abundance of technologically advanced and natural soothing ingredients, which provide results beyond compare.

PINKINI RETAIL AFTER CARE

PINKINI Lightening Serum · 30ml

A lightweight, clear serum that safely and gently lightens delicate skin. Ideal for the bikini zone, underarms, the back of the hands and other pigmentation prone areas, which often need assistance. Rich in time release Vitamin C, Sodium Lactate, Beta-Glucan and Hyaluronic Acid, this scientifically advanced skin lightening and brightening formula absorbs quickly and effectively improves skin tone. Used regularly PINKINI Lightening Serum brightens the skin and helps prevent further pigmentation from developing. This results orientated formula doubles up as a lightening anti-ageing face serum, which helps reduce the look of fine lines and wrinkles, while it plumps and restores a youthful even glow. Multitasking at its best! **Suitable for external areas only.** Hydroquinone and Arbutin free.

PINKINI Intimate Wash · 60ml, 250ml

A gentle pH balanced cleansing gel, provides a luxurious easily rinsed off lather that leaves skin clean, comfortable and soft. Formulated with gentle Lactic Acid, a well-known skin lightening agent, which supports the overall benefits of the ever popular PINKINI Lightening Serum. PINKINI Intimate Wash cares for the delicate bikini zone, protecting its natural acid balance and it also contains soothing Tazman Berry, Aloe Vera, Allantoin and Bisabolol to help minimise pigmentation buildup that can occur with harsh cleansers.

PINKINI PROFESSIONAL PRODUCTS

PINKINI Brazilian Hybrid Hot Wax · 1kg

A precise balance between LYCON's legendary traditional hot wax and LYCOTec modern film wax. PINKINI Brazilian Hybrid Hot Wax offers the same shrink-wrapping performance of LYCON traditional hot wax, removing hair as short as 1mm, plus the extra pliability and ease of use of LYCOTec modern film wax. PINKINI is a low temperature and undeniably offers the best of both worlds for the discerning beauty therapist and is extra comfortable for clients, as it is practically painless. Formulated with LYCON's unique Titanium Dioxide technology and caring Argan Oil, Calendula and Chamomile to protect, soothe and hydrate delicate skin while waxing. It leaves skin feeling comfortable and soft, with longer lasting results.

PINKINI Skin Cleanser · 500ml

Light, refreshing and perfect to use before and after all waxing. It effectively removes surface oils, perspiration, pollution, grime, make-up and cream residue from skin. After waxing, it is ideal as a skin cleanser to close the hair follicles and minimise the possibility of ingrown hairs. Gentle PINKINI Skin Cleanser with the soothing botanical blend of Tazman Berry, Bisabolol, Aloe Vera and Chamomile, is non-drying and does not sting or burn.

PINKINI Pre-Waxing Oil · 500ml

Extra soothing with natural skin calming plant extracts. PINKINI Pre-Waxing Oil forms a protective barrier, allowing wax to stick to hairs but not the skin. It ensures the most gentle and caring, virtually pain free waxing treatment with natural calming Bisabolol and Calendula extract. Furthermore, hairs are removed completely and easily as PINKINI Pre-Waxing Oil helps prevent hot wax from lifting any skin.

PINKINI Finishing Lotion · 500ml

A light and refreshing lotion, formulated with soothing Chamomile, Allantoin and Tazman Berry. PINKINI Finishing Lotion is pleasantly scented, while it calms, moisturises and protects the skin after waxing.
